Dear Sir or Madam:

The appearance of our community and how we maintain individual properties has a significant impact on the quality of life in our neighborhoods. The City of Tallahassee has adopted ordinances requiring property to be maintained in a clean and safe condition. A recent inspection of your property revealed that certain conditions found do not comply with City code. These violations, corrective action required, and time frame for completion are noted on the attached violation notice. Should you encounter any difficulty, an extension of time may be granted by request. If such extension is needed, please call (850) 891-7007. If you are not the current owner of the property, or if you sell the property before the compliance deadline, please inform us of such action.

Due to the nature of the violations, the City's Condemnation Review Team (CRT) will evaluate the structure at the above address and may recommend demolition. Regardless of the CRT's recommendation, if the violations are not corrected, your case will be scheduled for hearing before the Municipal Code Enforcement Board/Code Magistrate. During the hearing, the findings of the CRT will be presented, and you will have the opportunity to be heard. Failure to bring the property into compliance may result in the City of Tallahassee correcting the violation(s) and assessing the cost, which could include placing a lien on the property until such time as all costs are reimbursed to the City. These costs may be recovered by court action if necessary. **Your case may be presented to the Code Board/Magistrate even if the violation has been corrected prior to the hearing or if the structure is boarded.** The City's Board and Seal Ordinance, (Section 3-371, Tallahassee Land Development Code), includes a time limit for a structure to remain boarded. Cases involving boarded structures will be taken to the Board/Magistrate for an order to be issued to determine the time limit. If removal of boards reveals other code violations, those violations must also be corrected.

Building permits may be required before repairs or alterations can be made to any building. Building and demolition permits may be obtained from the City's Building Inspection Division, located at 435 N. Macomb Street, First Floor, telephone number (850) 891-7125.

If you have any questions concerning this notice, please contact our office at (850) 891-7007 or visit our office in the Renaissance Center located at 435 N. Dear Sir or Madam:

The appearance of our community and how we maintain individual properties has a significant impact on the quality of life in our neighborhoods. The City of Tallahassee has adopted ordinances requiring property to be maintained in a clean and safe condition. A recent inspection of your property revealed that certain conditions found do not comply with City code. These violations, corrective action required, and time frame for completion are noted on the attached violation notice. Should you encounter any difficulty, an extension of time may be granted by request. If such extension is needed, please call (850) 891-7007. If you are not the current owner of the property, or if you sell the property before the compliance deadline, please inform us of such action.

Due to the nature of the violations, the City's Condemnation Review Team (CRT) will evaluate the structure at the above address and may recommend demolition. Regardless of the CRT's recommendation, if the violations are not corrected, your case will be scheduled for hearing before the Municipal Code Enforcement Board/Code Magistrate. During the hearing, the findings of the CRT will be presented, and you will have the opportunity to be heard. Failure to bring the property into compliance may result in the City of Tallahassee correcting the violation(s) and assessing the cost, which could include placing a lien on the property until such time as all costs are reimbursed to the City. These costs may be recovered by court action if necessary. **Your case may be presented to the Code Board/Magistrate even if the violation has been corrected prior to the hearing or if the structure is boarded.** The City's Board and Seal Ordinance, (Section 3-371, Tallahassee Land Development Code), includes a time limit for a structure to remain boarded. Cases involving boarded structures will be taken to the Board/Magistrate for an order to be issued to determine the time limit. If removal of boards reveals other code violations, those violations must also be corrected.

Building permits may be required before repairs or alterations can be made to any building. Building and demolition permits may be obtained from the City's Building Inspection Division, located at 435 N. Macomb Street, First Floor, telephone number (850) 891-7125.

If you have any questions concerning this notice, please contact our office at (850) 891-7007 or visit our office in the Renaissance Center located at 435 N. Macomb Street, Third Floor, Tallahassee, Florida. **Once you correct the violation(s), contact our office immediately to request an inspection.**
